

BOWMAN MANUFACTURING CO.

Forming the Future

Indoor Zone 4 Frame

Zone 4 Cabinet with Doors,
Side Panels, and Battery Trays

New Product Announcement

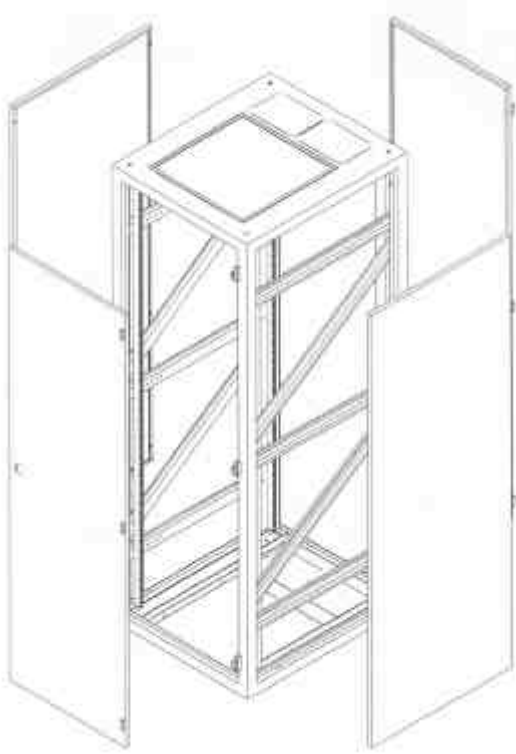

Bowman Manufacturing, your Pacific Northwest enclosure manufacturer, proudly introduces a new line of electronic cabinets for indoor applications...

- Select from among our standard styles, sizes and options to minimize lead time, or
- Let us customize a design to exactly meet your requirements.
- Work with local people, face to face. See your design, prototyping and production done in the same house, by the same people.
- For detail on the new Bowman indoor cabinet, see the reverse side of this sheet.
