PREVENTION

SAFETY

ORGANIZATION

# BOWMAN Protection System for Flu and Cold Season

**1 Visual Alerts**  
Post visual alerts in each classroom to help prevent the spread of germs year round.

**2 Cleaning Hands**  
Use of antiseptic handwash if a sink for hand washing is not available.

**3 Using Tissues**  
Cover the nose and mouth with a tissue when coughing or sneezing and properly dispose of them after use.

**4 Environmental Cleaning**  
Keep common use items such as desks, phones, and computers free of germs by using sanitizing wipes.

## Epinephrine Dispensers

- Holds up to 10 EpiPens and opens up like a book
- Handle on the back enables easy carrying
- Keyholes for wall mounting
- Lockable tabs on front to add a lock
- Yellow Sintra plastic with clear PETG plastic divider for signage

ED-750 is available for up to 5 EpiPens

ED-097

### Protection Organizers

- Permanent or portable
- Increased visibility/uniformity
- Quick and easy restocking
- Cost effective alternative to isolation carts

LD-037

### Respiratory Hygiene Stations

Place in lobby areas to assist in your infection prevention efforts to prevent the spread of infections at ports of entry.

FD-065

Shown with Optional Sign holder MP-075

Universal kiosk stand

KS010

Kiosk Stand Shown with Respiratory Hygiene Station FD-065 and Optional Sign holder MP-075

- Keeps gloves clean and ready to use
- Depending on space constraints, mount in horizontal or vertical position
- Industrial strength materials are easy to clean and provide years of trouble-free service
- School or University custom branding available
